Can Change Our Culture

### Our Strategy for **ACHIEVING THE VISION**

Minnesota thrives when religious freedom flourishes, life is cherished at every stage, and God's design for marriage and family is honored and lived.

#### Accountability

Encourage elected leaders to uphold life, family, and freedom, and hold them accountable when they don't.

### THE CHURCH

#### Pastors

Bring pastors from around the state to St. Paul — connecting the shepherds of God's Church with the shepherds of God's government.

#### Citizens

Help Christians across the state to understand what biblical citizenship looks like and exercise it in all areas of their lives.

### LEGISLATURE

#### Policy

Advance policy that strengthens life, family, and religious freedom in Minnesota in key ways.

#### Grassroots

Mobilize Minnesotans from every walk of life to make their voice heard at the Capitol.

#### Lobbying

Maintain a presence at the Capitol to influence elected leaders on critical legislation.

#### Checks & Balances

We have the legal expertise and partnerships to defend good laws and challenge bad laws in the courts.

### THE COURTS

#### Legal Education

Arm Minnesotans with knowledge about their rights and legal resources available to defend them.

#### Litigation

Confidently defend life, family, and freedom in the courts.

*Strengthening Families, Advancing Truth*

# CITIZENSHIP

## WORTHY OF THE GOSPEL OF CHRIST

Philippians 1:27

#### Training

Equip Christians to make a difference in elections at every level — from voting to running for office.

#### Political Action

Support candidates who will uphold life, family, and religious freedom.

#### Voter Education

Inform Minnesotans about where candidates stand on key issues with voter guides and other resources.

### ELECTIONS

#### Mobilization

Elections are won when the Church turns out to vote. We equip and encourage the body of Christ to vote their biblical values in every election — big or small.

#### Reshaping the Court

Elections have a huge impact on what happens in the courts. We need judges who will uphold good laws and overturn bad ones — it's that simple.
